*Grecootel's
Sustainability
Program*

Sustainability Program

WORKING TOWARDS A MORE SUSTAINABLE WORLD

In 1992, Grecotel became the first Mediterranean hotel group to undertake eco-audits in its hotels according to EU standards and formed an Environment and Culture Department.

Grecotel Sustainability program "**GRECOTEL ECO**" is one of the basic operating standards for all Hotels of the Group. It contains key areas aimed at protecting the Environment, highlighting local communities and strengthening the economy.

The basic ideology of the program is the "**Think global Act Local**".

THE GLOBAL GOALS

WORKING TOWARDS A MORE SUSTAINABLE WORLD

The Sustainable Development Goals (SDGs), also known as Global Goals, are a set of **17** integrated and interrelated goals to end poverty, protect the planet and ensure that humanity enjoys peace and prosperity by **2030**.

GRECOTEL is developing, in all its hotels, environmental programs based on the fundamental commitments made regarding its sustainable development for 2030, to **minimize its environmental footprint**. We aim to provide high quality services while respecting both the environment and the local communities.

Welcome note from General Manager

"A beautiful environment
starts with you."

Despite the enormous hurdles we faced during the Covid-19 pandemic, we remained committed to maintaining a laser-like focus on our sustainability initiatives.

In GrecoTel, the largest hotel chain in Greece, we believe that the quality of our hotels is equal to the quality of the **holidays'** environment. By developing Environmental Management and Sustainability procedures, the hotel defines all the environmental aspects of its operations and has established policies and programs that aim to continuously improve its performance and results.

This report reflects the best examples of our company and areas of growth. This report represents a first step in our journey to becoming an even more sustainable company. You will hear and see a lot more from us in the coming years as our efforts will continue.

Thank you for spending some time to have a look at our Sustainability Report and his opportunity to learn more about GrecoTel Riviera Olympia Resort & Aqua Park.

*How we manage
sustainability*

Environmental Impact

GRECOTEL, BEING ONE WITH NATURE

Grecotel operates in some of the most beautiful locations on Greece, and we understand how important it is to conserve our environment so that future generations can enjoy it as well.

Despite the obstacles of 2022, we remain dedicated to halving our environmental impact across our whole value chain.

Greecotel Riviera Olympia & Aqua Park Sustainable Business Model

RESPONSIBILITY

Climate Change

Providing a one-of-a-kind experience and cutting-edge services, as well as immersing consumers in the Greecotel Casa Paradiso's sustainable and responsible programs.

Climate Change

Increasing the number of social and environmental parameters used to identify partners.

Climate Change

Fostering long-term partnerships with a variety of entities, including other businesses, government agencies, non-profit organizations, multilateral organizations, and so on.

PEOPLE

Employees

Promoting equal opportunity.

Community

Youth employment - Investing in training and career support for young people.

Hotels with a heart - Greecotel potential as a hotel chain is being used to provide lodging for people who need help.

PLANET

Climate Change

The fight against climate change lies at the heart of Greecotel strategic planning and risk management.

Water and Energy

Water and energy conservation is a key part of the Greecotel Stainable Program.

Waste Management and the Circular Economy

Working with suppliers to develop circular economy possibilities and synergies.

Zero Carbon Emissions

The drastic reduction of carbon emissions presents an urgent need for our economy and climate. For this reason, at GRECOTEL, as leaders in hospitality in Greece and Mediterranean, we recognize our duty not only to reduce our carbon footprint, but also to influence the hospitality industry towards a net zero economy.

Our primary source of emissions is from the operation of our hotel (Grecotel Riviera Olympia & Aqua Park). We saw a large drop in 2022, owing primarily to lower occupancy and entire or partial temporary suspensions of properties.

Our employees were encouraged to use operational best practices such as partial building shutdowns, variable plant load operation, and strengthened building controls to save energy and carbon emissions when occupancy was low. At Grecotel Riviera Olympia & Aqua Park we encourage suppliers to set goals around reducing their environmental and social impact.

THERE IS NO PLANET B

*Fighting
Climate Change*

We recognize climate change to be a critical threat to our planet, our communities and our business, and we've made combatting it a top business priority.

Environmental Program

GrecoTel Environmental Program was used as an example in the publication Agenda 21 for the Global Travel & Tourism Industry. It includes activities inside and outside the hotels and it focuses in **4 Key Performance Indicators (KPI)**:

01. Energy

02. Water

03. Waste & Recycling

04. Chemicals

THE SUSTAINABLE
DEVELOPMENT
GOALS:

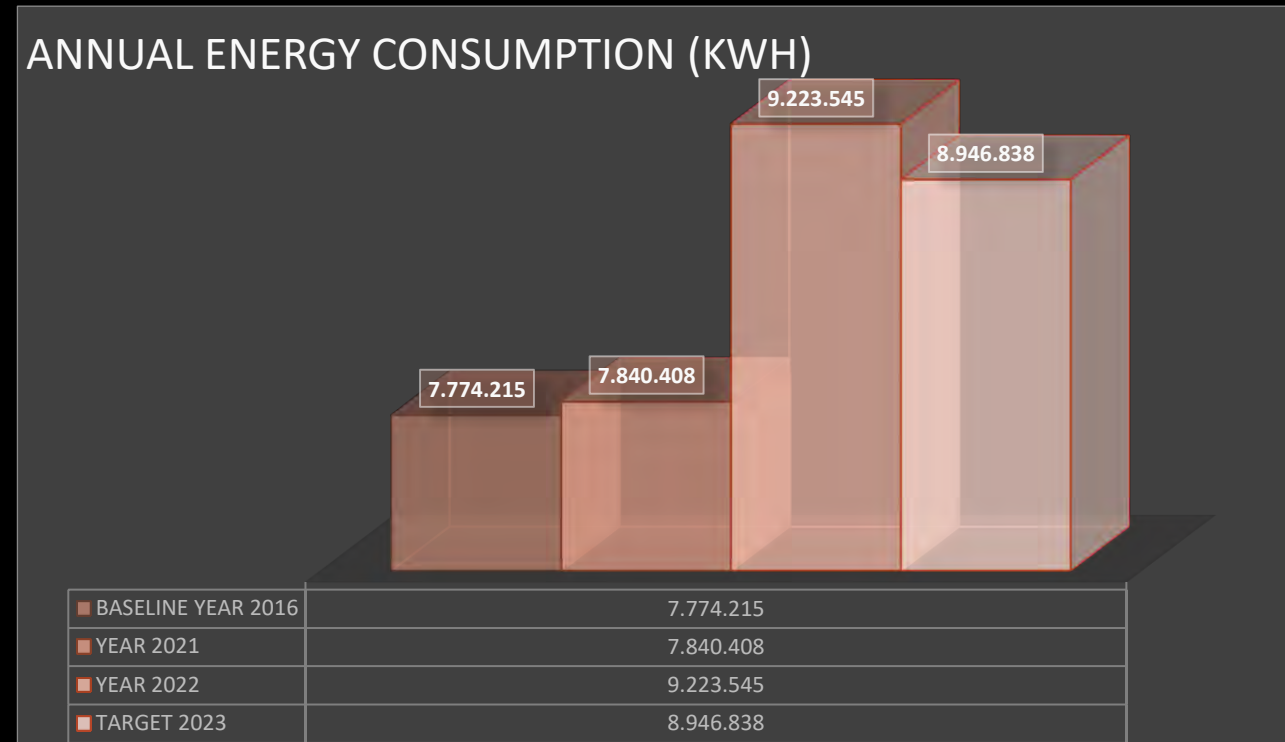

Energy 9.223.545 kWh

Efficient use

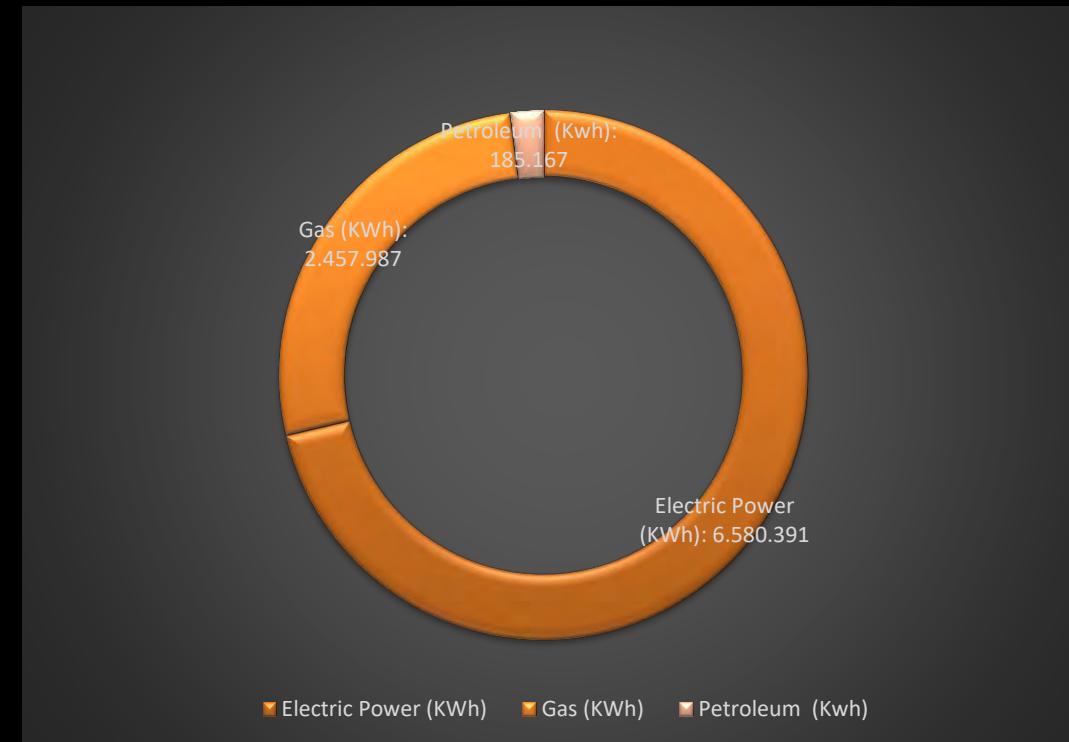

Energy consumption is the main contributor to direct and indirect GHG emissions which affect the climate change. By creating the necessary infrastructure and using the latest available technology in energy management, we endeavor to reduce our energy consumption and maximize the use of renewable energy. Advanced materials and systems are installed in the buildings of o to reduce energy consumption. These include:

- Energy-efficient window panels.
- A high-quality, external wall insulation system that significantly reduces energy losses by wrapping the building in a thermally resistant envelope.
- Low energy technology lighting.
- Electronic lighting ballasts.
- Central lighting control systems.

of average gas
consumption per guest

38,45
kWh

of average electricity
consumption per guest.

Monthly Energy Consumption Per Guest Day

Monthly Energy Consumption

Energy Assessment

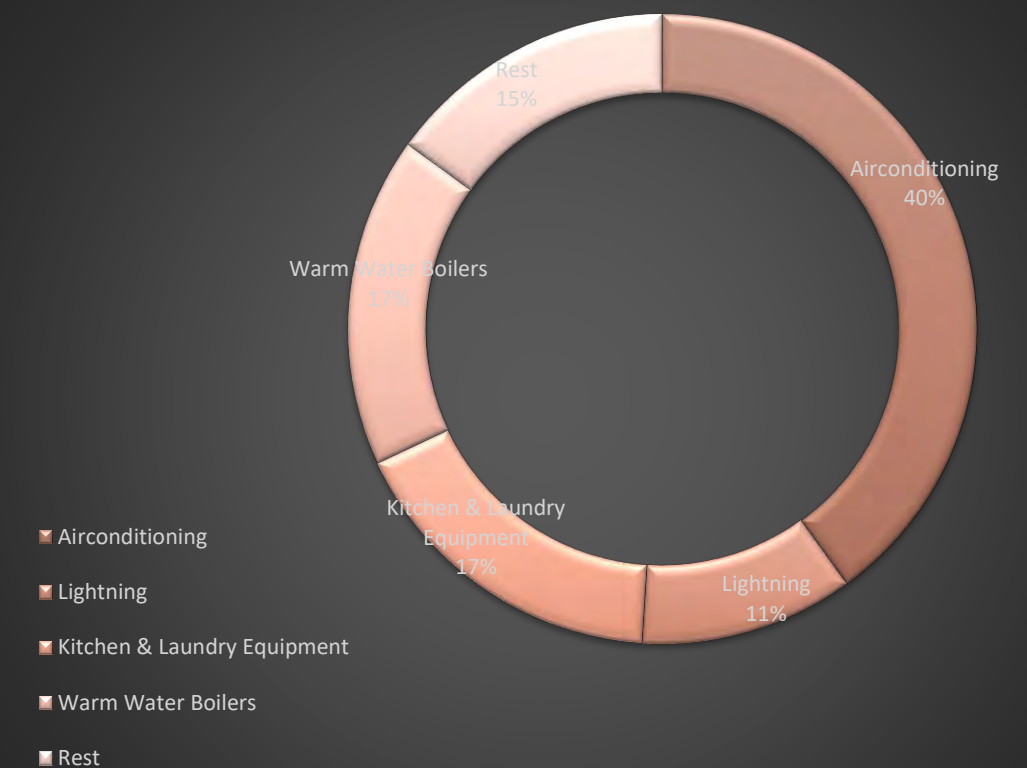

Grecotel Riviera Olympia & Aqua Park has proceeded with investments, aiming to the efficient use of energy. Specifically:

- Obtain increased efficiency through proper maintenance of the Cooling system.
- Use natural cooling techniques.
- Use Night ventilation techniques, ceiling fans.
- Use super metal halide fluorescent lamps.
- Use electronic fluorescent ballasts.
- Electric magnetic keycards for the automatic interruption of lighting and electrical appliances .
- Use improved luminaries.
- Motion sensors, timing devices.
- Use daylight effectively within the building.
- Public awareness and communication.
- Use high-efficiency equipment when replacing old equipment throughout the hotels.
- Use Solar panels in order to heat the water.
- Provide information and warning labels for guests and staff.

The main energy consuming consumption sources in a hotel are:

- cooling rooms,
- lighting,
- hot water use and other energy consuming activities by guests,
- preparing meals,
- laundry,
- swimming pool,
- others

Water Reduction

ENVIRONMENTAL RESPONSIBILITY

Water scarcity is a recognized global problem, with demand for water projected to exceed supply by 40% by 2030. At Greotel Riviera Olympia & Aqua Park we recognize the value that water has for both human life and nature. The Greotel Sustainability Program places great emphasis on water conservation, actively demonstrating this way our commitment to environmental protection through the conservation of both aquatic and marine ecosystems.

OUR EFFORTS CONTRIBUTE TO THE SUSTAINABLE DEVELOPMENT GOALS:

Water

The implementation of a sustainable tourism development is directly linked with the availability of water resources.

We continuous efforts are made to reduce water needs. Grecotel Riviera Olympia & Aqua Park following all the national and international legislation ensure that the source of the water does not affect the local supply or local environment in any way.

All wastewater, including rainwater are disposed of in a controlled way in order to protect areas lying outside the boundaries of a property from becoming contaminated by water, chemicals, pollutants, effluent and other materials.

Water Highlights for 2022

Our water use decreased in 2022 compared to the previous year.

Grecotel Riviera Olympia & Aqua Park's water use per guest was 1,21 m³

in 2022 and 2,06 m³ in 2021.

100%

of the rooms have

The quality of water is monitored in cooperation with accredited laboratories.

WATER-SAVING MEASURES

Below you can see the most important actions taken in order to reduce the Water consumption:

- Linen & Towel policy.
- Water reduction filters to all taps of the hotel.
- Double tank toilet flushes.
- Regular maintenance to prevent leaks.
- Automatic night watering the green areas and the organic fields of the hotel.
- Application of drip irrigation systems and underground irrigation systems with reduced water evaporation.
- Run the washing machine only with a full load.
- Taps in kitchens have a maximum flow of 10 litres per/min.
- We give the opportunity to our guests to reduce the water consumption (Water reduction info material in all rooms).
- We communicate and educate the management's commitment for water reduction and goals to all employees.

Annual Water Consumption

Monthly Water Consumption

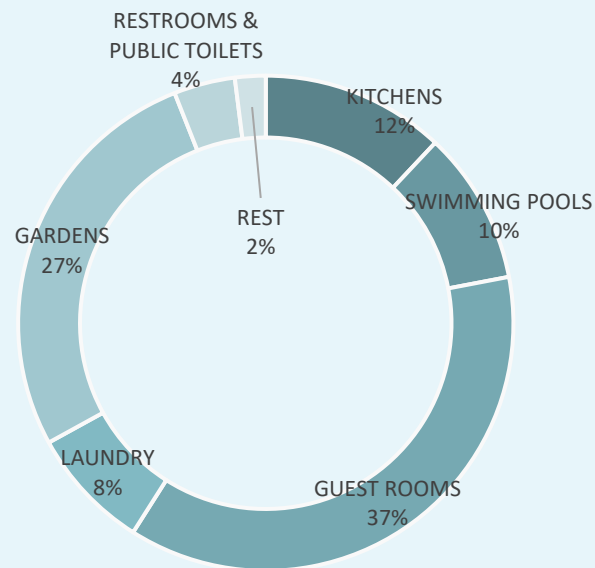

Annual Water consumption per accomodation

A series of water-saving measures have been applied, based on best available practices that focus on consumption monitoring (e.g. leak control, improved efficiency), including educational programs for visitors.

Water Assessment

- KITCHENS
- SWIMMING POOLS
- GUEST ROOMS
- LAUNDRY
- GARDENS
- RESTROOMS & PUBLIC TOILETS
- REST

The first step was to start measuring water consumption and set some tangible targets. It's vital to know our start point (baseline year) and find out how much water is consumed and how it is divided among the various uses such as in the guest rooms and common areas.

The main water consuming activities in a hotel are:

- Guest Rooms (37%)
- Kitchen (12%)
- Laundry (8%)
- Swimming Pools (10%)
- Gardens (27%)
- Restrooms & public toilets (4%)
- Other (2%)

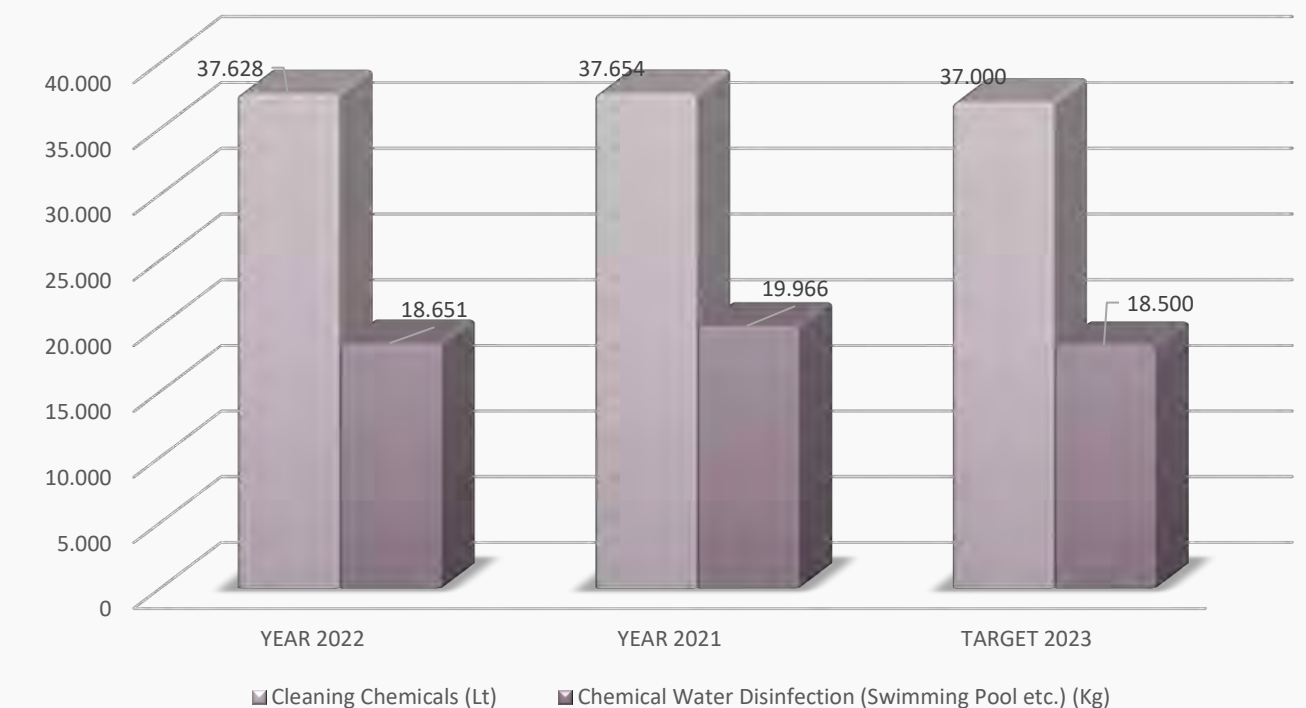

Chemical Use

USE OF ENVIRONMENTALLY FRIENDLY CHEMICALS

Driven by a high sense of environmental awareness, GrecoTel Riviera Olympia & Aqua Park chooses to use certified cleaners and chemicals, with environmentally friendly specifications regarding both their packaging and composition. This way we achieve a great balance of cleaning effectiveness along with environmental protection. Furthermore, we apply a new model of alternative gardening, avoiding the use of chemical fertilizers and pesticides, further emphasizing the statement that the safety of our guests, our partners and the natural environment is a top priority for us.

Annual Cleaning Chemical Used

All chemicals used are evaluated in terms of sustainability criteria and are applied with dosage systems in order to ensure efficient usage.

Consumption is **monitored on a monthly basis** and is measured with a guest per night indicator.

Frequent staff training for proper use.

Waste Management

Waste management is an integral part of our waste management policy, as **Grecotel** actively contributes to a more circular economy. **Aiming to become a Zero Waste company**, we have developed and implement an integrated waste management strategy that results to waste elimination through waste cross utilization and recycling.

We ensure that all operations and activities at Grecotel Riviera Olympia & Aqua Park are fully comply with all current national waste management regulations. At every stage of our operation, we are devoted to reducing waste output by applying reduction, training, and recycling approaches.

OUR EFFORTS CONTRIBUTE TO THE SUSTAINABLE DEVELOPMENT GOALS:

WASTE MANAGEMENT SYSTEM

PREVENTION

Disposable products and unnecessary packaging are avoided to be bought. Priority is given to more durable/long-lasting products. Purchase of recyclable goods.

REDUCE

At Grecotel, we're committed to helping the world end the ocean plastic crisis. Most effective ways to **reduce waste is by reusing everyday items**. In each room we provide our guests with a reusable canvas bag.

REUSE

We are **donating materials** to churches and to local community. We reuse paper that has been printed only on one side. We also **upcycle items** that no longer serve their original purpose into DIY crafts.

RECYCLE

Recycling of glass, cardboard, paper, cooking oil, soap, metal, aluminum, batteries, medicines and electric utilities, **through private special waste contractors**. Recycling of plastic, paper, aluminum and textiles, through the **municipality waste system**. **Composting** of vegetables, fruits, grass cuttings and garden waste within the company's grounds.

MONITORING

Performing of **regular monitoring** of waste in order to ensure that the waste minimization strategy results to **reduced amounts of waste** disposal each month.

PROMOTE GUESTS PARTICIPATION

Customers can help the Waste management plan by keep saving our environment by always using the recycle bins

PROMOTE EMPLOYEES PARTICIPATION

Through training and support, ensure that all staff are aware of their responsibilities under Grecotel environmental policy and how compliance can be achieved and maintained.

Employees are required to:

- become familiar with the type of waste and their appropriate handling and disposal methods and
- adopt the procedures for waste separation using the correct color-coded bags and bins.

WASTE MANAGEMENT MEASURES

In Grecotel we separate waste according to local authority guidance.

Waste prevention in all departments and throughout supply chain.

All quantities are reported annually.

The hotel's liquid waste is treated in the wastewater treatment plant.

Chemical and microbiological analyses of water are conducted by laboratory.

All the refrigerant substances used in the hotel are ozone friendly.

Recycling streams for Grecotel Riviera Olympia & Aqua Park:

2022	kg	Percent
Cooked Oil:	2.820	4 %
Glass:	55.250	73%
Plastic:	1.090	1%
Paper/Packaging:	14.920	20%
Lamps:	127	0%
Batteries:	392	1%
Electrical & Electronic Equipment:	1.255	2%

FOOD WASTE

One third of all food produced is wasted each year. This issue is a priority for our sustainability program.

Fighting Food Waste in Grecotel Riviera Olympia & Aqua Park:

- Food measurements / analysis.
- Informing visitors and staff.
- Actions were taken to reduce waste.

Our hotels are taking primary steps to avoid food waste at source by reducing overproduction through better planning, storage and handling. We also take secondary steps to recycle unavoidable food waste through energy recovery and composting.

Plastic Free

LIFE FREE of PLASTIC

With an increased sense of environmental responsibility and the desire to contribute towards a more sustainable travel experience, Grecootel Riviera Olympia & Aqua Park implements a plastic-free hotels program, with the aim to reduce the use of all plastics, while promoting the use of reusable, recyclable and more environmentally friendly materials.

Every year plastic audits are conducted in order to identify areas for improvement. Waste prevention in all departments and throughout the supply chain. Grecootel introduced the plastic initiative which aims to ban the use of single used plastics (EU list) and reuse or recycle all plastic packaging.

Hazardous Substances Usage

The environment is totally affected by the hazardous substances. Grecotel Riviera Olympia & Aqua Park keeps a list of all hazardous substances used (e.g. chemicals, hazardous materials, light bulbs, batteries, ink/toner cartridges etc.).

All hazardous substances are used safely according to the manufacturer instructions and are stored safely, in line with national and international standards. Chemical are disposed safely, in line with national and international standards and collected by a fully licensed contractors.

The usage of chemicals is limited and only from special trained staff members. All the employees receive an annual training regarding the correct use of the chemicals (quantity, required Personal protective equipment) and the possible harmful effects.

By applying new practices for a more sustainable gastronomy, we are committed to reducing both food waste and the raw materials used to produce them. We focus on developing a culture based on sustainable practices through effective staff training and awareness campaigns, aiming to deliver sustainable gastronomy menus that combine authentic flavors with respect for the environment.

Sustainable Gastronomy

For decades, Grecotel was the first to introduce authentic high-quality organic products in the restaurants of its hotels, establishing this way a powerful link with the local agricultural production.

Organic meals

HEALTHY & SUSTAINABLE NUTRITION

Sustainable nutrition is key to achieving the optimal development and holistic health for people, through the support and promotion of their physical, mental and social well-being.

At Grecotel Riviera Olympia & Aqua Park Resort we emphasize both at reducing the risks associated with nutrition, while at the same time actively supporting the conservation of biodiversity and holistic health, of the present and future generations.

Grecotel Riviera Olympia & Aqua Park Resort guests have the exclusivity to taste organic products and meals, which in 2022 offered 40.892 meals of high nutritional value and quality.

Generally, its purchases' rates for the year 2022 were:

- Peloponnese: 42%
- Greece: 39%
- Import: 19%

Which means that it has contributed to the national and local economies with 2.188.000 euros.

From Farm to Fork

High quality food can go hand in hand with limited impacts to the environment. At Grecotel Riviera Olympia & Aqua Park we are committed to helping our guests acquire healthier eating habits while at the same time reducing the impact that the food production activities have on the environment.

SUSTAINABLE SUPPLY CHAIN

The integration of the most important environmental and social parameters in our supply chain is one of the most crucial pillars of sustainability. For this purpose, Grecotel Riviera Olympia & Aqua Park evaluates its partners against quality and corporate responsibility criteria, and sources certified sustainable products, achieving this way the development of sustainable and responsible local supply chains.

In any negotiation with the supplying company, we inform them about our environmental policy, and we ask them to inform us about the various environmental-friendly products on offer.

We give priority to products from the local markets, if they meet the requirements and basic needs of the company.

Conservation of Biodiversity

At Greotel Riviera Olympia & Aqua Park Resort, we have developed partnerships with a series of organizations (e.g. with NGOs like ARCHELON), aiming to protect and preserve ecosystems, while also raising awareness between our guests and employees.

Experience & Activities

Also, eco-learning programs for guests, available to children at the Grecoland Club, give younger guests the opportunity to learn about the local biodiversity, including turtles, birds and flowers, as well as local customs and products. In the weekly program, there is a blue day and a green day.

Animal Protection

Animal welfare is included in our discussion of sustainability because of the fundamental importance of respecting other living creatures.

We avoid putting further pressure on endangered species or supporting environmentally harmful production.

Garden

To plant a garden is to believe in tomorrow.

Grecotel Riviera Olympia & Aqua Park implements garden programs:

- a new model of alternative hotel gardening, avoiding the use of chemical fertilizers and pesticides,
- we plant Mediterranean and local plants in our gardens,
- automatic irrigation system in the evening,
- treated wastewater is used for irrigation,
- we apply composting.

114 guests participated in Eco – learning programs.

ECO-LEARNING PROGRAMS FOR GUESTS

We invite our guests to explore the unique biodiversity and visit the onsite herb gardens.

SUSTAINABLE ARCHITECTURE & ECODESIGN

Aiming at the preservation and protection of our natural heritage, GRECOTEL focuses on integrating sustainable architecture into its hotels, so that they are fully harmonized with the landscape. The renovated "third generation" hotel (such as Grecotel Riviera Olympia & Aqua Park Resort) complexes follow the most modern and sustainable architectural trends, whilst maintaining each destination's special local character, always in harmony and with respect for the local history and people. The idea is that building, landscape and nature merge together causing as less impact on the environment as possible.
